

welcome

DR. HUIKKO

Stevens Community Medical Center is excited to announce the addition of Dr. Jason Huikko to the SCMC team of providers. Dr. Huikko (pronounced Wee-co) will be a primary care provider here focusing on family practice with O.B.

Dr. Huikko grew up in St. Peter, MN. He graduated from University of Minnesota Duluth and completed his residency at CentraCare U of M program. He spent a few years working in the restaurant management industry and had a passion to care for people which brought him back to school, ultimately changing his career path and choosing medical school. He has a can-do, Minnesota-nice attitude and looks forward to practicing medicine in a rural setting. During his medical rotations, he spent time at SCMC and in that time came to enjoy what the community of Morris has to offer and also enjoyed the people here at SCMC. His practice will encompass all ages of patients and his focus will be in family practice with O.B. His scope of practice will include well-child checks, women's health issues, anxiety concerns and more.

The healthcare industry is ever-changing, and at Stevens Community Medical Center we stand firm in our focus that your health is our priority. Help us welcome Dr. Huikko to SCMC and to our beautiful community.

If you are in need of a primary care provider, call to make an appointment with Dr. Huikko today.
