Surgical CARE

EXPERIENCE, EXPERTISE & AVAILABILITY

When you need surgery, the care and outcome you get are of the utmost importance. Stevens Community Medical Center, conveniently located in Morris, MN, has a state-of-the-art surgical center and three surgeons with 33 years combined surgical experience. We are different than most rural healthcare facilities because we have the expertise, the availability and experience. Along with our highly-experienced surgeons, SCMC has a skilled surgical staff that includes Registered Nurses, Certified Surgical Technologists and Certified Registered Nurse Anesthetists (CRNAs), Randy Lussenden and Eric Larson. Your surgical experience doesn't stop there. SCMC also offers on-site Physical Therapy and the convenience for follow-up care all located under one roof.

Stevens Community Medical Center cares about your health, your recovery, and the treatment you need. We are here to care for you every step of the way.

For surgical consults call
320-589-7600.

Dr. Sam - General Surgery

Dr. Somkiat T. Viratyosin (Dr. Sam) is a board-certified general surgeon has been with SCMC for over 20 years. He is known for his attention to detail when consulting with patients for a surgical procedure. He is available for elective consults as well as emergency consults. He has a broad array of focuses.

Dr. Holte - Orthopedics

Dr Michael Holte is a board-certified, Mayo-trained orthopedic surgeon and has worked with SCMC for over 10 years. He conducts clinic visits and performs various types of surgery. Dr. Holte has extensive knowledge and experience in orthopedics. His success stories speak volumes to the degree of orthopedics we offer right here in our community.

Dr. deHart - Podiatry

Dr. Rebecca deHart, DPM is a Doctor of Podiatric Medicine and focuses her expertise on foot and ankle conditions. She has been with SCMC for 3 years.
